Thank you for participating in the last AMC cycle!
Registration is now open for 2017-2018.

Sliffe Award Deadline for Nominations

Nominate an outstanding AMC competition manager for the Sliffe Award. Get recognized for the hard work you do helping students succeed in math. Nominate yourself or a colleague for the 2017 Edyth May Sliffe Awards for Distinguished Mathematics Teaching in Middle School and High School.

2016 Putnam Competition Winners Announced

If your students want more math competitions, let them know that they should join their university's Putnam Competition team when

Math Anxiety in the News

Help combat math anxiety in your students with these tips in Mental Floss featuring the Mathematical Association of America. The New York Times covers the latest research on math anxiety that teachers and parents should be aware of.

European Girls' Mathematical Olympiad Win

The U.S. team took first place at the European Girls' Mathematical Olympiad (EGMO) held April 6-12, 2017 in Zürich, Switzerland. In addition to the top team honors, each member of the four-person team was awarded a gold medal for their individual
they get to college and compete in the most prestigious university-level math competition. See the 2016 winners here.

**Teacher Rates for MAA MathFest**

As a K-12 Teacher member of MAA, you get a special registration rate for MAA MathFest, our summer meeting about mathematical research and education.

Join us in Chicago for MathFest on July 26-29, 2017 and explore math circles, learn how to host a math wrangle, and meet other mathematics educators who share your passion for helping students succeed in math! Register today.

**2017 U.S. Team European Girls’ Mathematical Olympiad Winners**

Pictured from left to right: Qi Qi, Angela Deng, Wanlin Li, and Zhu Siye.

**AMC Updates**

**AMC Seeks Part-time Director**

Help us in the search to find a new AMC Director of Competitions as we continue to grow. This position is part-time and does not require relocation. Apply now or share the opportunity with a colleague.

**More AMC Resources**

- Watch AMC's videos to help your students tackle concepts like calculating probability, measuring angles, and calculating the area of triangles. Using problems from the 2016 AMC 8 for middle schoolers, the MAA Visiting Mathematician shares tips and hints for solving these questions.

**Important Dates**

- **July 12-23** -- International Mathematical Olympiad
- **Nov. 14** -- AMC 8 exam for middle school
- **Feb. 7, 2018** -- AMC 10/12A exams for high school
- **Feb. 15, 2018** -- AMC 10/12B exams for high school

**Monthly Math Essays from MAA Mathematician-At-Large**

Essays for educators by MAA Mathematician-At-Large James Tanton on trending topics in the mathematics curriculum and puzzles for the classroom.

**Cool Math Essay**

**Tanton's Take on Exclusionary Math**
Read about intersecting circles and loops on a page!

Many teachers must fight through the 'math is hard' portrayal when teaching their students, so Tanton gives his advice for helping everyone through the steps in math class. Read it now.

Take advantage of your K-12 Teacher Membership in the MAA

Read the Latest Issue of Math Horizons

Data for Good: Tackling Trillion-Dollar Problems
Math Horizons interviewed D. J. Patil, chief data scientist under President Obama, about using data to solve problems on local and national levels. Read the April issue of Math Horizons today.

AMC Competition Managers receive a digital subscription to Math Horizons as a benefit of their MAA K-12 Teacher Membership.

Enjoy Your Bookstore Discount

MAA Members save 25% with code MMBR17 on titles in our print store. Find books on teaching, problem-solving, and more!
