For today’s meeting, students participated in a team competition with questions from the “Math is Cool” competition. Information can be found at:

Remember that Henry highly recommends that everyone purchase this math resource book: the Art of Problem Solving, Volume 1, The Basics (Sandor Lehoczky and Richard Rusczyk) 7th edition. He feels it would be a GREAT investment. Also, the Solutions Manual would also be a beneficial one-time investment. This would be good for your math future.

The meeting adjourned at 3:35, for the activity bus.
